## Power, simplified

Reliability, power and simplicity for this industrial vacuum designed for the mechanical sector, in particular for the collection of chips mixed with oil.

2 or 3 kW power, models S2B and S3B are powerful and reliable. Designed to collect wet and dry material they are used for the cleaning and manteinance of the machine tools. Th 50L or 100L container can be easily removed and emptied, the small size and the ergonomic design allow the operators to move very fast the vacuum.

## PRODUCT FACTS

- 2 or 3 kW power
- L or M class versions
- Small size
- strong and reliable
- easy to move
- container release system for an easy and fast emptying
- container with castors and handle
- manual filter shaker
- Hepa absolute filter available
- floater for the liquids collection
