Robust stainless steel container to complete the range

Wet or Dry - when high performance combined with moist and robustness is requirred. A perfect solution for commercial and industrial use thanks to the easy to clean stainless steel container. Push&Clean or XtremeClean filter cleaning system offers a comfortable and quick way to clean the filter.

ATTIX 40 represents a new possibility of achieving superior suction power in a compact and flexible solution. Silent, small and mobile, but with the same convincing suction performance as ATTIX 50. A perfect solution for Commercial and Industrial use. Easy to clean stainless steel container. While dealing with fine dust the Push&Clean or XtremeClean filter cleaning system offers a comfortable and quick way to clean the filter. The size and big performance of the ATTIX 40, along with the wide range of available models, make it a perfect choice for people who needs to pick up any sort of wet or dry debris with a easy to clean Stainless steel container. The excellent design offers you cable storage, accessorie storage and a big tool deposit to keep all you need at hand.
Operating costs are minimized with the washable PET Fleece filter elements, and the low working noise level lets you work when others are nearby, without disturbing them. The -11 models are equiped with a convenience socket so no need for a extra extension cable, just plug your tool into the machine. Automatic On/Off models are the choice of people who use the machine with electric hand tools because starting or stopping the tool starts and stops the vacuum, as well. An optional Airbox is available which performs with the same function when using pneumatic tools.

PRODUCT FACTS

- Compact, ergonomic, and powerful.
- Push&Clean filter cleaning system takes care of filter cleaning tasks in just a few seconds.
- XtremeClean fully Automatic filtercleaning (on 40 XC Model) will keep the performance high without any interruptions while you work.
- Washable PET fleece filter for high efficiency and low maintenance costs.
- SilentPower. High performance that is seen, but not heard.
- 37 litre Stainless Steel container volume and a Fleece filter bag for the ultimate in effective filtration.
- Softstart will safegard you for blown fuses.
